EXPORT ACADEMY

**We offer you a chance to become what you were born for:  
The best export manager around.**

At the Oranjewoud Export Academy, we have **8** exclusive places for exceptional export talents. In a 1.000-day traineeship combining theory and practice, you'll be responsible for setting up exports in a Dutch company. You won't be working towards exams and grades, you will realise sales and revenue! You'll be trained and guided by experts with tremendous track records. Get ready! This program gives you the opportunity to land your dreamjob at a top company from the Northern part of the Netherlands.

But it won't be easy... You'll have to work harder than you imagined. Sleep in shitty hotelrooms. In airplanes. Or in the back of an Uber. You'll have diner alone most nights. And you probably won't be there for your mum's birthday... Still excited?

**You can enter the selection process for the **October 2019** edition of the Export Lab now!**

We require:

- A degree from a vocational or higher education institution
- An entrepreneurial mindset and attitude
- A clear motivation for export and sales
- An interest in different cultures

We offer:

- A job at a Dutch company that's willing and able to invest in you
- A 1.000-day traineeship packed with inspiration, dedication and education
- Coaching, teaching and mentoring by (inter)national and highly experienced professionals
- A great and powerful network
